Whitville NC 28472

Attn: All parties concerned,

I am seeking information about the conditions of revocation of passport 548609759 which I understand was revoked some time in either late 2022 or early 2023. This passport plays a role in federal criminal case 5:23 CR-0042-M-RN. The passport was confiscated in Lusaka, Zambia in late May of 2023 and destroyed in July/August of 2023. I have been requesting information about this passport since June 2023 and yet the information continues to be unavailable and this unavailability delays resolution of the case.

The only written evidences I have of its revocation are:

- 1) on 5-Nov-23 I obtained D.E. 15 attachment 4, which used the word "revoked"
- 2) on 5-Apr-24 I obtained a transcript of the 30-May-23 hearing in which the revocation was discussed

Previously the first hint I had that my passport was "revoked" was during the 30-May-23 hearing. However, I was medically incapacitated during that hearing and instructed to remain absolutely silent. From Jun-23 to Dec-23, while represented by Dysant-Willis all inquiries regarding this passport were resolved with attorney deflection and misrepresentation. Since Dec-23, while represented by Scott Wilkinson, details of the passport's destruction have been discovered. Information in the passport directly refutes claims made by AUSA Greg Radics and is essential to correcting the record so that a plea may be entered. Information regarding the conditions of revocation and any potential barriers to issuance of a new passport are influential to the determination of the effective severity of any sentence given my expatriate status.

If you can assist, please help me obtain the following information:

- 1) scans of the passport contents prior to destruction
- 2) date of revocation
- 3) orders of revocation - who so ordered and according to which statute or code, along with supporting evidence
- 4) barriers to new issuance - am I barred from a new passport in state dept
(not legal considerations only, also active data records)
- 5) watch list or flags - such as can be released

Please send this information to me at:

Eric Charles Welton / 94911

P.O. Box 280

Whiteville NC 28472

Please also copy any information to AUSA Lori Warlick.

Thank you,

Eric Charles Welton
